Custom Stone Veneers Stone

HAND MADE STONE • CUSTOM COLORED • EXPERT INSTALLATION

STONE VENEERS FOR YOUR EXTERIOR RESIDENTIAL AND COMMERCIAL PROJECTS

Architects, Interior Designers, Masons and Home Owners like the service and attention to detail that North Star Stone provides. Every batch of stone is custom colored. We will assist you with the selection of the best stone for your project and show you examples, making sure that your completed project is exactly what you wanted.

Our manufactured stone veneers are light weight individual pieces of stone that are installed by skilled masons. The stones don't need a brick ledge and can be installed directly over brick. Our stone veneers are perfect for new construction or can easily update an older residence or building. Our manufactured stone is a great alternative when replacing Dryvit and can be used with other materials. Stone is the focal point of a project and you want it done perfectly.

We offer expert installation, fast turn around on all orders.

STONE VENEERS FOR INTERIOR APPLICATIONS

Imagine taking that old and dated brick fireplace and selecting the perfect stone style and color to make a complete transformation of a fireplace. Our light weight thin stone veneer can be applied directly over the existing brick. We can assist you with adding a TV over the fireplace, wood mantel or maybe book cases.

Designers have used our stone for creating custom basements. The stone creates the mood of stepping into a new environment. Maybe you want to add stone to the kitchen island or door way taking you into a new room. Smaller spaces like condos and town homes can achieve spectacular results with well placed stone in homes. It all starts with a call to North Star Stone.

Design a wine cellar and create the texture and drama with the perfect stone. Every stone creates a unique memory for the customer. Maybe it is a trip to the wine country or the country side in France. With our expertise and your input we will match the right stone style and color for your project.

**COBBLE STONE**

Our most popular stone and an excellent choice for larger areas on homes and buildings, especially on outside projects. Nice texture with softer edges and corners.

Stone Height: 2" – 10"

Stone Length: 6" – 23"

**DRY STACK STYLE STONE**

"An Elegant Look in the American Tradition" The pattern includes chiseled edges, irregular depths and aged surfaces to capture a contemporary charm.

Stone Height: 1" – 5"

Stone Length: 4" – 20"

**CASTLE ROCK**

"Chiseled Stone Accents in a European Tradition". Distinctive patterns create a strong, bold statement of rich elegance in a European tradition.

Stone Height: 2 1/4, 5, 7 1/4 & 10"

Stone Length: 7" – 22"

**WISCONSIN WEATHERED EDGE**

Moderately textured stone excellent for both indoors and exteriors. This blend looks great with or without a mortar joint. We also call this stone Mountain Stack.

Stone Height: 1" – 5"

Stone Length: 4" – 23"

**MOUNTAIN LEDGE STONE**

A rugged stacked stone that has beautiful texture and deep relief. Its deep shadow adds interest to any vertical surface.

Stone Height: 1" – 5"

Stone Length: 5" – 23"

**WISCONSIN PRAIRIE STONE**

A custom blend of our three stones, The field stone draws your eye up, the blend of the Dry Stack and Mountain Ledge creates drama that works in most settings.

Stone Height: 1" – 24"

Stone Length: 5" – 24"

**COBBLE STACK**

"Bringing Traditional & Country Together". This blend of stones is another custom blend that we created. Ideal for homes on larger lots and plenty of trees.

Stone Height: 2" – 21"

Stone Length: 5" – 21"

**FIELD STONE**

Timeless Country look. This stone can be used in both traditional and more contemporary settings. The range of colors make this an attractive stone.

Stone Sizes: Irregular shapes ranging from 5" – 21"

**NARROW PROFILE FIT**

A contemporary stone with narrow chiseled ledges. Great for interior walls that need texture and beauty. Highlight the stone with lighting for beautiful shadows.

Stone Height: 5"

Stone Length: 8" – 24"
